

WEEKLY TIPS for GAPC Certification

Check your email each week for helpful tips on achieving GAPC Certification.

THIS WEEK: What's Next

YOUR APPLICATION IS APPROVED. NOW WHAT?

Wait to hear from the Monitoring Firm. At the time of application, you selected which Monitoring Firm you would like to use for your 2022 Monitoring Visit. You have been placed on the Monitoring Firm's contact list and they will contact you to schedule the Monitoring Visit according to their scheduling policy. Monitoring Firms will call 2-3 weeks before the visit to set up a time and date. Monitoring Visits will begin in late July. Any questions about scheduling or invoicing should go directly to the Monitoring Firm. Contact information [here](#).

Make sure all individuals listed on the Certification Application (Primary and Associated) have completed GAP Training. All growers listed on the application must complete 2022 Annual GAP Training by June 30. If you have not completed training, please contact your county extension agent to schedule a time to watch the make up video. Training is not remediable after June 30, if training has not been completed, Certification will be denied.

Complete the Self-Assessment. The Self-Assessment is a requirement for all growers going through GAPC Certification Program in 2022 and must be completed prior the Monitoring Visit. The Self-Assessment is one per operation and can be found by logging into the Grower Dashboard at www.gapconnections.com and clicking on "Grower Self-Assessment".

Preparing for the Monitoring Visit. Review the materials in the approval packet that was emailed or mailed to you. This packet includes the [GAPC Certification Compliance Guide](#). The Compliance Guide document lists the questions that will be asked and the method of verification. Didn't receive an approval packet? Contact GAPC at 865.622.4606 or info@gapconnections.com.
