

2022 GROWER TRAINING SPONSORSHIP

Annual GAP Training with GAP Connections (GAPC) and partnering organizations provides information and resources to help growers identify and adopt best practices in crop, environmental, and labor management. GAPC Grower Members who attend training have repeatedly indicated that GAP Annual Training is a critical source of information to improve management practices and that positive changes have been made on their operation from information they gained by attending.

OPPORTUNITY TO CONNECT

Since 2014, Annual GAP Trainings have annually reached over 4,000 GAPC Grower Members across 12 states. Annual GAP Training provides a unique opportunity for you and your organization to connect and engage with growers who are invested in the tobacco industry and are interested in producing a quality tobacco crop while protecting, sustaining, or enhancing the environment and ensuring the safety and rights of farm laborers.

THANK YOU FOR YOUR SUPPORT

Thanks to support from GAPC Company and Associate Members and annual sponsors, Annual GAP Training is offered each year at no cost to attendees.

ABOUT GAP CONNECTIONS

GAP Connections (GAPC) is a 501 (c) (5), nonprofit agricultural membership organization which provides leadership for the adoption of agricultural standards and practices which produce a quality crop while protecting, sustaining, or enhancing the environment, ensure the safety and rights of farm laborers, and recognize those producers who are committed to a higher standard.

GAPC CERTIFICATION

Annual GAP Training must be completed each year by June 30 as one of the annual requirements for a grower to be GAPC Certified. To learn more about GAPC's Certification Program visit www.gapconnections.com.

**Annual GAP Training is facilitated with the assistance of the land grant University Cooperative Extension programs in each state. GAPC sponsorship for these events does not replace Cooperative Extension requests.*
